My dear Mr. Walcott:-

I wish to acknowledge your letters of January 9, 1915, with regard to the detail of Surgeon J. C. Thompson for duty in connection with the exhibit of physical anthropology at the San Diego exposition.

In reply I would say that I have very carefully considered this request, and fully realize your needs and the special qualifications of Surgeon Thompson.

In connection with this detail I have to inform you that Dr. Thompson has already had special duty during much of his career, and if he is to be of any service to the Navy it is requisite that he should begin to assume regular naval duties before considering any further details of this kind. Owing to the need for the services of all our medical officers, the Department has in the past been obliged to refuse requests for the detail of medical officers for other than their service duties. In view of this policy, I cannot well see how I can consistently, in justice to others, order this detail.

Sincerely,

Dear Mr. Secretary:

The exhibit of physical anthropology at the San Diego Exposition, which was prepared under the direction of Dr. Ales Hrdlicka, Curator of Physical Anthropology in the U. S. National Museum, is the most important exhibit in the field of human history on the side of physical man that has ever been gotten together. This exhibit requires very special supervision during the exposition and contains many features of great interest to visitors.

It is very important to have some one in charge of the exhibit who has a special knowledge of the subject, to explain these special features. Surgeon G. C. Thompson, U.S.N., at Sausalito, Calif., is a man who is particularly well qualified for this purpose, and I write to say that this Institution would be highly gratified if you will have the goodness to detail Surgeon Thompson for this duty. I

1915-8

may add that Surgeon Thompson for many years has been actively interested in the work of this Institution and the U. S. National Museum along these lines, and I believe that such a detail would not only be entirely agreeable to him but would greatly help in the education of the people in the science of anthropology.

Very truly yours,

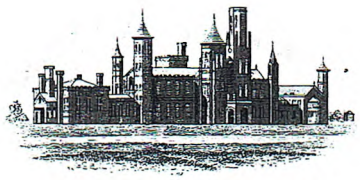

Charles D. Walcott

Dear Mr. Daniels:

I enclose an official letter requesting the detail of Surgeon G. C. Thompson in connection with the exhibit of physical anthropology at the San Diego Exposition, which was prepared by our Museum people. I hope that it will be possible for you to arrange this for us as Surgeon Thompson is peculiarly well fitted for such a post.

Subject: Surgeon J. C. Thompson; admission to civilian hospital.

1. I have to report that Surgeon J. C. Thompson, U.S.Navy, on sick leave of absence, was on Oct. 24, 1914, admitted to St. Luke's Hospital, San Francisco, as an emergency case. It was then considered by the civilian physicians who were attending him and by P.A.Surgeon C.G.Smith, U.S.Navy, who was called in, that an operation might be urgently required.

2. During the evening of October 24th he was also seen by Surgeon H. C. Curl, U.S.Navy, who today reports that in his opinion the case has been one of emergency and that Surgeon Thompson could not with safety have been moved to a naval hospital up to the present time.

3. The sick leave of absence granted Surgeon Thompson expires on Nov. 11, 1914.

October 19, 1916.

To: Surgeon
Joseph C. Thompson, U.S.N.,
Navy Recruiting Station,
San Diego, Calif.
(Officer in Charge)

Subject: Repeated travel.
Inclosure: Nav. Form 330.

1. You are hereby authorized to perform such travel between the following places, from time to time, as may be necessary for the purpose indicated below, this being in addition to your present duties:

Between the Navy Recruiting Station, San Diego, Cal., and the Naval Radio Station, Point Loma, Naval Radio Station, Cholla Heights and Coal Depot, La Playa, in connection with the Medical care for Officers and Enlisted Men in and about San Diego.

(This authority for repeated travel supersedes that contained in your orders of November 15, 1915)2. Keep a memorandum of the travel so performed and submit the same to the Department from time to time for approval in accordance with Article 4495, U. S. Naval Regulations, 1913.

3. For repeated travel under these orders actual expenses only will be allowed.

4. This authority for repeated travel, if not previously terminated by competent authority, shall cease to be operative one year from date. Should a renewal of this authority be considered necessary you will, at a sufficient time before the expiration thereof, notify the Bureau of Navigation to that effect, giving your reasons why a renewal should be granted.

5. While this authorization for repeated travel remains in force you will, at the end of each month, submit to the Bureau of Navigation on the attached form a statement showing the actual cost of travel performed by you that month and the total cost for travel performed by you to date.

6. Attention is invited to General Order No. 160, dated Aug. 31, 1915, regarding the use of transportation requests and mileage.

From: Medical Inspector J.C.Thompson, USN.
To: Secretary of the Navy (Bureau of Navigation).

Subject: Mail irregularities in Surgeon J. Thompson, USN.

1. The author of these letters, Mr. Antonio Pavao, is an American subject. His business is the exporting of bulbs and growing and carding of New Zealand Hemp. With the object of getting this latter product into the United States, Admiral Dunn interested himself in the affairs of Mr. Pavao and obtained permission from the Navy Department to sell him from the Naval Supply Depot at the Base a certain quantity of fuel oil to run his plant. As intelligence officer I was the go-between between the Admiral and this gentleman on a number of occasions. The portugese mail service from America to the Azores was at times a question of several months between sending and receiving. Mr. Pavao requested of me privilege of sending these three letters to his agents. I spoke to the Admiral about them and obtained his permission. Another American civilian, a Mr. Nichols, had for months been allowed the use of our mails. The Base Post Office had not been opened and I had no postage stamps. I therefore handed these letters, unsealed, to the officer in question, asked him to read them (as I had), have them censored and mailed.

2. Needless to comment no infraction of the mail regulations was contemplated by me, either in the avoidance of postage or in the avoidance of censorship.

3. Admiral Dunn's understanding of the case is evident from the portion of his endorsement which reads "It is recommended that the enclosed letters be forwarded to the addressees as soon as the department has finished with them."

SUBJECT: Requesting authority to have Commander J. C. Thompson (M. C.), U. S. N., now attached to Marine Recruiting Station, Portland, Oregon, assist in Navy Recruiting on traveling parties.

1. It is requested that arrangements with the Marine Corps be made and authority granted to use Commander J. C. Thompson, (M. C.), U. S. Navy, in navy recruiting on traveling recruiting party duty.

2. The reasons for making this request are as follows: Commander Thompson is a man of many yeats' service in the Navy, has had a very wide general experience, is an excellent public speaker of experience, and is thoroughly conversant with the Navy and naval recruiting. It is believed that an officer in the Navy of his ability, enthusiasm and talent should be used at this critical time in order that the recruiting drive may be made the greatest success possible.

3. The Commanding Officer of the Marine Recruiting Station has no objection to this arrangement provided the medical officer attached to the Navy Recruiting Station examines marine recruits which can be easily arranged.

To: Commander J. C. Thompson (MC), U.S.Navy,

Via: Commanding Officer.

Subject: Reprimand.

1. Referring to the records of proceedings of the court of inquiry convened July 12, 1918, at the Naval Base, Azores, by the Commander, Azores Detachment, to inquire into certain circumstances connected with the Medical Department of the U.S. Naval Base, Azores Island, before which you appeared as an interested party, the following extracts from the findings and opinion of the court, referred to you, are considered by the Department as being in accord with the evidence adduced and are quoted for your information:

Findings

"1. On May 23d Captain Evans, U.S.N., reported Assistant Surgeon W. J. Costello's intoxication on May 21st to Medical Inspector Thompson.

"3. Medical Inspector Thompson was the Base Medical Officer and did assume authority as such, but attempted to evade the responsibility as indicated by his entire defense.

"5. Medical Inspector Thompson took advantage of the ignorance of some of the junior officers on the Hancock regarding the premium of gold at this port, well knowing that gold was at a premium of bout twenty per cent. He actually borrowed gold from two officers and attempted to borrow gold from several others.. He repaid one officer - Lieutenant Brorein, U.S.N.C. - with paper money, retaining for his own purposes the difference in exchange value between gold and paper money. He attempted to repay the other officer- Assistant Surgeon Williams, U.S.N., - in paper; but that officer, being aware of the premium on gold, refused paper unless the equivalent value of gold was returned.

Finished-File
Schoonmaker

"6. This transaction caused all officers concerned to distrust Medical Inspector Thompson.

"7. Medical Inspector Thompson removed Assistant Surgeon Williams from duty at the Base Hospital as a result of a difference of opinion between Assistant Surgeon Williams and Assistant Surgeon Costello regarding the treatment of Corporal Zeigler's broken wrist. Assistant Surgeon Williams, the senior officer, insisted on applying a cast; a better treatment for the broken wrist; Assistant Surgeon Costello, the junior officer, insisted on retaining a loose splint, which permitted undue mobility thereby causing pain, because 'the cast was too much trouble to put on and take off.'

"8. Assistant Surgeon Costello voluntarily admitted to Assistant Surgeon Williams on May 22nd that he had been drunk the night before. He also made the same statement to Assistant Surgeon Kepler.

"12. Sick call hours were very irregular. General slackness and lack of supervision was evident. Proper routine inspections were not made, occasional inquiries were made of patients. The hospital corpsmen all testified that proper inspections were made daily by Medical Inspector Thompson, but the Medical Officer knew nothing of these inspections.

"13. Before Assistant Surgeon Kepler took charge the conditions were very lax regarding the administration and the routine, especially in the matter of records. Evidently there had been no systematic checking of the health records since the time the Aeronautic Company left Philadelphia. Health records of men who had never left Philadelphia with the company were on file. There were other men at this station who had no health records, and the records had never been sent for. There was no card index system containing data relating to typhoid and smallpox prophylaxis. There were no records of the stock or medical property on charge at this base. No stock cards and no expenditure of medical supplies were kept. No records were sent to the commanding officers of

Schoonmaker

men who were on the sick list. There was laxness in regard to the hours for sick call."

Opinion

"2. He condoned Assistant Surgeon Costello's act by not immediately reporting him for disciplinary action in accordance with General Order #52.

"3. In that he did not correct existing faults although he was cognizant of their existence.

"4. Thru a lack of proper supervision, he was not in close touch with details and was only able to give the officer who relieved him in charge of the Base Hospital a blanket order to correct existing faults.

"5. He assumed all the authority of senior surgeon, but attempted to shift all responsibility upon a very young medical officer, Assistant Surgeon Costello.

"16. Medical Inspector Thompson and his counsel evidently attempted to deceive the court regarding Medical Inspector Thompson's status at this station. They presented the Department orders and endorsement which detailed him as aide and intelligence officer only, well knowing that in addition Medical Inspector Thompson had been performing the duties of Senior Medical Officer of this base also. In addition Medical Inspector Thompson's signed statement contains the words: 'Not for one instant have I regarded myself as attached to the Base Sick-Bay.' This signed statement was made after testimony had been presented showing that Medical Inspector Thompson recognized his having been Senior Medical Officer in charge of the Base Hospital.. Testimony showed that Medical Inspector Thompson directed the Admiral's aide, Lieutenant Commander Thibault, to issue orders to Assistant Surgeon Kepler to take charge of the Base Hospital relieving him, Medical Inspector Thompson, as Base Medical Officer. His statement was, therefore, made with intent to deceive the court."

2. From a consideration of the findings and opinion as above quoted, it appears that the following facts are in accord with the evidence adduced, namely;

(a) That although in possession of definite information that Lieutenant Costello had been under the influence of intoxicating liquor on May 21, 1918, at a time when a patient of the sick bay was seriously ill, you failed to report Costello's offense to the Detachment Commander contenting yourself with administering a private rebuke to the offender. This conduct on your part was in violating of Article 8, A.G.N., and also of General Order No. 52;

(b) That from all the evidence you did actually act as Base Medical Officer and were regarded as such and as Senior Medical Officer of the base sick bay by officers at the Base, and that before the court of inquiry you did attempt to evade your responsibility as such;

(c) And that you attempted to deceive the court in regard to your status at the base as stated above, which accords also with subsequent information received by cable from the Commander, Azores Detachment, wherein it is stated that you were given written orders to handle all matters connected with the Medical Department and base sick bay, and were in direct charge thereof.

3. The Department is further constrained to conclude that, whereas the evidence concerning the transactions in gold does not suggest actual fraud, yet your conduct, in this connection, manifested an absence of that degree of consideration and chivalrous concern for the interests of your brothers in arms, especially those junior to you in rank, which should characterize the actions of officers holding commissions in the Navy of the United States.

4. The Department is of opinion that although the facts concerning your performance of duty at the Naval Base, Azores Islands, as established by the evidence adduced before the aforesaid court of inquiry, would amply justify your trial by general court martial, in consideration of the circumstances that the witnesses are widely scattered and not available, that great expense to the government would be entailed by such a trial, and that a long period of time has elapsed since the occurrence of the incidents in question, this action is not now practicable. In order however that you may not wholly escape punishment for conduct which falls considerably below the standards fixed by the Department, this letter is addressed to you as an official reprimand. To know that you have compelled superior authority thus to animadvert upon your conduct, must be a sufficient punishment to an officer having a regard for his record and the good opinion of his brothers in the service. It is both hoped and assumed that your procedure

in future will be so conducted as not only to obviate all wrongdoing, but even the appearance of wrongdoing, and that your every effort will in future be directed toward a complete removal of this blemish upon your record.

5. The receipt of this letter will be forthwith acknowledged by you and a copy of the same will be filed with your official efficiency record.

BUREAU OF NAVIGATION
WASHINGTON, D. C.

Memorandum for

Chief of Bureau.

Commander Thompson (M.C.) was involved in a murder case in Honolulu where three doctors qualified as experts before the court testified that the accused was sane and mentally responsible for his acts and Doctor Thompson on his own volition expressed an opinion that the accused was sane. The opinion was used as a basis for a petition from Japanese citizens. Commandant reported the action of Dr. Thompson and on 10 July the Bureau send the following despatch, "The Bureau proposes detach Commander Thompson (M.C.) shortly".

The Bureau of Medicine and Surgery nominated Commander Thompson (M.C.) for recruiting duty and the Bureau on 7 August sent the attached letter to Medicine and Surgery which was returned by the attached first indorsement.

Since the Bureau of Navigation is unwilling to use Commander Thompson (M.C.) on any of its activities the Bureau of Medicine and Surgery is apparently unwilling to nominate him for duty on board ship or at a hospital. What do? It looks like a case of furlough.

---

12 August 1929.

The Chief of the Bureau of Navigation directed that this officer be detached ordered to San Francisco and placed on furlough.

Supply Officer

Dear Sir:

Will you kindly furnish me with the present address of Commander Joseph Cheesman Thompson, just retired, and inform me whether his retirement took place under ordinary conditions or whether his pay has been stopped. I have written directly to Dr. Thompson through your office, and although two weeks have elapsed, have received no reply.

As he has discontinued the allotment made me under legal arrangements, thereby causing me much inconvenience, I should like to know to what department I must apply to show the necessary papers and establish a claim on his pay.

I regret very much having to trouble you on the matter, but I am quite ignorant of the necessary procedure, and would greatly appreciate ~~the~~ andy information you may be able to give me.

Yours truly,

My dear Mrs. Thompson:

Upon the change of status from the active to the retired list, there automatically occurs the cessation of the privilege of the allotment facilities.

Not knowing your address it was necessary to await hearing from you and the letter written to the Navy Department was the first received.

There are enclosed two checks, one for the delayed September allotment, the other to promptly care for October.

Sincerely,

J. C. THOMPSON

MADAM:

Your letter of 5 October 1929, addressed to the Bureau of Supplies and Accounts, has been referred to this Bureau for reply.

Commander Joseph C. Thompson (MC) U.S.N. will be placed on the retired list on 15 November 1929, with pay equal to three-fourths of his base pay on active duty; there are no extra allowances.

The Navy Department expects its officers to pay their just debts, but does not have authority to adjudicate differences between civilian and naval personnel, these matters being under the jurisdiction of the civil courts.

The matter of fulfilling legal arrangements made with you by Commander Thompson has been referred to this officer for his statement. This Bureau, having cognizance of matters pertaining to personnel, would pass on any case involving Departmental action against an officer.

Enclosure: (1)

1. The original notices of checkage were misread by me. They were assumed to be in the nature of memoranda informing me that a checkage was made and not that they required to be sent to the Paymaster.

2. Upon receipt of letter from the Bureau (reference (b)) a letter was written the Disbursing Officer, Navy Yard, Puget Sound, Wn. who carries my accounts. This letter contained the data relative to this checkage, and I was awaiting his reply to inform the Bureau of completion of action taken.

3. This delay was not intentional but was due to the fact that I mistook the request for an accomplished request for checkage. It is requested that a request for checkage be forwarded direct to the Disbursing Officer, Navy Yard, Puget Sound, Wash. who carries my accounts.

Subject: Motorcycle, recruiting, orders for Commander (MC) Thompson, U.S.N.

1. Orders will be issued by the Bureau directing Commander J. C. Thompson, MC, U.S.N., to take charge of the traveling recruiting party to tour the State of Oregon. Due to lack of funds it is not the intention of the Bureau to order officers on traveling recruiting duty and an exception has been made in the case of Commander Thompson. It is hoped that Commander Thompson will produce recruiting results in Oregon which will warrant the expense involved.

2. Upon completion of Commander Thompson's trip it is requested that a full report be submitted to the Bureau as to publicity and recruiting results obtained.

From: Bureau of Navigation.
To: U.S.Navy Recruiting Officer, Portland, Oregon.

Subject: Motorcycle, recruiting, Orders for Commander (MC) Thompson, U.S.N.

1. The Bureau regrets at the present time they cannot grant authority for Commander J. C. Thompson, MC, U.S.N., to make a trip on motorcycle as outlined in paragraph 2 of your letter. Due to the fact that the appropriation "Transportation and Recruiting" for the year 1920 has been totally expended. Therefore, the necessary and actual expenses for a traveling recruiting party cannot be paid. The Bureau hopes that after July 1, 1920 it may be possible to authorize such a trip and suggests the Recruiting Officer submit another request after the above date.

Subject: Reissuing of orders for Commander J. C. Thompson, (MC) USN to Navy Recruiting Station, Portland, Oregon.

1. It is respectfully recommended that the Bureau of Navigation be requested to reissue orders to Commander J. C. Thompson, (MC) USN to duty in connection with recruiting at the Navy Recruiting Station, Portland, Ore.

2. The Bureau of Navigation issued temporary orders to Commander Thompson to this station during the recruiting drive which was completed Nov. 15th, 1919. During this time he visited Spokane, Wash., Lewiston, Ida., Salem, Ore. and Astoria, Ore., in addition to his duties in Portland. He is an excellent public speaker for any kind of an audience; is enthusiastic and tireless in his efforts at recruiting; makes a strong appeal to any kind of an audience, and shows to great advantage his twenty-two years service in the navy and his numerous fund of information on general subjects.

3. The visiting of this officer to all the large cities of the district have made him acquainted with the leading men of the various places, and place him in an excellent position to further stimulate and advance recruiting in the district.

4. It is believed that his assignment to this station, if only for temporary duty with travel orders, would be a great help in promoting recruiting, particularly at this time when the shortage of recruits is so keenly felt in the naval service. In the notice of orders issued to officers, received this date, it is noted that an additional medical officer is being ordered to the Marine Recruiting Station at Portland, and if it is the intention of the Bureau to relieve him, it is believed that his services could be used to great advantage in this district with which he is acquainted, and, subject to your approval, should justify a wire to the Bureau regarding it.

Dear Sir:

Replying to your letter of 24 July, 1922, forwarding a copy of a letter received from Hon. Wallace R. Farrington, Governor of Hawaii, this bureau will be pleased to grant Commander Joseph C. Thompson, M.C., U.S.N., leave of absence for a period of one month and travel time upon the receipt of his request.

Dear Sir:

I transmit herewith a copy of a letter from Hon. Wallace R. Farrington, Governor of Hawaii, Honolulu, Hawaii, and have to commend to your favorable consideration, if consistent and practicable, the request therein contained that Commander J. C. Thompson, in charge of the Naval Hospital at Guam, be given one month's leave with travel time and permission to visit the Japanese islands of the Mariana group with a view to making investigations there as to the early migrations and settlements of the Polynesian races.

In case the permission desired is granted the Department will at once take the matter up with Secretary of State with a view to securing the consent of the Japanese Government to whom the islands belong, to the desired investigations.

Respectfully,

J. M. Goodwin

July 11, 1922.

The Honorable
The Secretary of the Interior,
Washington, D. C.

Dear Sir:

Your favorable action is respectfully requested in securing through the Department of the Navy authorization for special leave to Commander J.C. Thompson - as noted below - and, through the Department of State, permission for Commander Thompson and Mr. Hans Hornbostel to visit the Japanese islands of the Mariana group.

The purpose of this request follows:

The Bishop Museum, of Honolulu, Hawaii, working in cooperation with other scientific institutions on the mainland on a program of Pacific investigation outlined by the National Research Council, has a field party at work in Guam. This party has made some exceptionally significant discoveries bearing on the early migrations and settlements of the Polynesian races. To complete these investigations, it is highly desirable to make studies in the neighboring islands of the Mariana group, particularly Rota, Tinian and Saipan.

Among the men engaged in these investigations is Commander J.C. Thompson, in charge of the Naval Hospital at Guam. His knowledge of anatomy, zoology and of the languages of the Mariana islands makes it particularly desirable that he spend some time in the near lying islands. It would be of large benefit to science if Commander Thompson were given one month's leave with travel time and permission to visit the Japanese islands of the Mariana group -

such permission to be placed at the discretion of the Governor of Guam.

Since these islands are Japanese territory, permission of the Japanese government is necessary.

I request that, if practicable, permission be obtained through the Department of State for Mr. Hans Hornbostel of the Bishop Museum and Commander J.C. Thompson, Surgeon U.S. Navy, both now residents of Guam, to visit the Mariana islands for the purpose of scientific investigation. Perhaps the use of this permission might be left to the discretion of the Governor of Guam.

Yours very truly,

W.R.Farrington
Governor of Hawaii.

Navy Dept, Washington D C.

Dear Sirs-

Commndr J C Thompson, has written you for transport-
-ation. the I am afraid the time involved in exchange of letters has sort of confused the requests. I had to send my family in such groups as would best suit circumstances. The Misses Maud and Artae Thompson, sailed Sept 6th, on the S S Logan. There remains myself and Master Harry, aged twelve years. Wiring you and receiving prompt response, resulted in sending the two girls, while Dr Thompson was still writing about it. His re-
-quest and my wishes, are to sail on the Nov transport. If space is available, and you have received correspondence about this, will you kindly wire the authorization ? Am anxious to know the probable date of sailing.

Gratefully Yours.

BUREAU OF NAVIGATION
WASHINGTON, D.C.

4 August 1922.

From: Bureau of Navigation.

To: Chief of Transportation Service,
War Department, Munitions Building,
Washington, D. C.

Subject: Transportation.

1. It is requested that transportation be authorized as follows:

For Misses Maud Edna age 10, and Artas Florence Thompson age 17, daughters of Commander J. O. Thompson, (MC), USN, address: 1268 West 90th Street, Los Angeles, Calif., from San Francisco to Guam on the Army transport sailing 5 September 1922.

2. The officer (or officers) on account of whom transportation is requested will be on duty in the place in question, remaining for a period in excess of six months.

M. S. BROWN,
Lieut. Commander, U.S.N.

By direction.

N6s1-JJH-JW

31 July 1922.

My dear Mrs. Thompson:

Referring further to your despatch of the 27th instant and the Bureau's reply of the 29th instant, there will be no transportation available to Guam, M.I., for at least a month.

An Army transport is scheduled to sail from San Francisco 6 September, and the War Department will be requested to provide space on that sailing for the Misses Thompson. The Bureau can not, however, offer you much encouragement that accommodations will be provided as present indications are that the space allocated to Navy passengers will be very limited, and of course, the officers traveling under orders must be given preference.

The Bureau will notify you as soon as accommodations are available and it is requested that you advise of any change in your street address.

By direction of the Chief of Bureau.

Respectfully,

Lieut. Commander, U.S.N.

My dear Mrs. Thompson:

Your letter of the 1st instant addressed to Lieutenant Kerr at the Navy Recruiting Station, Portland, Oregon, has been referred to the Bureau for appropriate action.

The Bureau has listed the names of your two daughters tentatively on the sailing list for the transport CHAUMONT which will make a trip to the Asiatic Station leaving San Francisco on or about 17 October 1922.

You will be advised definitely about the first of September whether space will be available in which event the transportation from Los Angeles to San Francisco issued by the Recruiting Station at Portland, Oregon, will be renewed to permit your travel incident to the sailing of the CHAUMONT.

By direction of the Chief of Bureau.

Respectfully,

Subject: LEAVE, request for.

1. It is requested that at the expiration of this tour of duty leave be granted for a period of 60 days and travel time to visit Japan. While in Japan it is intended to do research work in the psychiatric clinics and to make an intensive review of the language, which during the years 1908 and 1912 was spoken with a vocabulary fluency of over 4000 terms.

2. Sixty days is requested in that the Army transports to the Orient are now reduced to one every two months, and by going ashore at Micki from one transport and going aboard the next at that port the least travel will be involved and the most time saved.

3. I have been in the navy over 25 years, during which time I have had leave of absence but once from the Department, that for a period of 60 days in 1919. It is hoped that this request will be granted in as much as a very considerable amount of study has been put in preparatory to take advantage of some of the opportunities to be had in Japan.

Navy Department,

Gentlemen:-

In 1915 Dr. J C. Thompson, who is at present stationed in San Diego Cal., contracted a small bill amounting to $5.75.

We have tried repeatedly to collect this bill and our last attempt was through the Wilber Mercantile Agency. All correspondence in this matter and the extremely impertinent manner in which Dr. Thompson replied to our request for payment, namely, by merely mutilating the bill and attorneys request, we think should be brought to your attention. We realise of course that there is no obligation on the part of the Navy Department to collect bills, which officials run up in various places and neglect to pay upon leaving but possibly you might be able to at least obtain from Dr. Thompson for us a courteous reply as to why he refuses to pay our bill.

Yours truly,

Gentlemen:-

We enclose herewith the attorney's report. As this debtor is connected with the Navy it is practically impossible to force this small claim against him, and we do not believe it is of any use to try to do anything with him by dunning. The account is so small of course as to make the bringing of suit impossible, unless you care to spend more money on the claim than is actually involved in the case.

Gentlemen:-

The Bureau acknowledges the receipt of your letter dated June 8, 1917, relative to an alleged indebtedness of Surgeon Joseph C. Thompson, U. S. Navy, and in reply has to inform you that the Navy Department has not such control over the pay of an officer that it can compel him to pay private debts, nor does it act as an agency for their collection.

This officer can be proceeded against in the civil courts, if you so desire, in the same manner as civilians, but creditors must not expect the Navy Department to assist them in collecting debts. However, your letter has been referred to the officer concerned.

Very respectfully,

Dear Sir:-

Radio received from Capt. R. J. Mitchell U.S.M.C. - Guam, that sister was leaving for San Francisco on the Newport News, which arrived there about June 1st., and for Mother to meet her. Sister in critical condition.

Naturally the people are upset, so if any-

one in your Dept. could tell us ~~the~~ exact date when Newport News is due, it would certainly help considerably. Of use we realize that she may be either early or late by a few days, but we must know when she is due.

Thanking you kindly for any information you might be able to give, I am,

CONFIDENTIAL
5432

22 October, 1928.

From: Commandant Fourteenth Naval District.
To : Secretary of the Navy.

Subject: Commander J.C. Thompson, (MC), U.S.N., report of certain activities.

Enclosures: (A) Excerpts from local press (12).
(B) Reports of Intelligence Operatives (2).
(C) Star Bulletin report of Judge Cristy's decision.
(D) Letter from Governor Farrington.
(E) Commandant's reply to enclosure (D).
(F) Commandant's letter to Commander J.C. Thompson, (MC), U.S.N.
(G) Commander Thompson's reply to enclosure (F).

1. On 18 September, 1928, one Gill Jamieson, ten year old boy, was kidnapped from the Punahou school in the city of Honolulu. On the same day the boy's father, Mr. F.W. Jamieson, paid $4,000.00 ransom money to a masked man in the city of Honolulu. On 20 September the Jamieson boy's dead body was found in a thicket in the Waikiki district in a horribly mutilated condition. On 22 September one Myles Fukunaga, a citizen of the United States of Japanese ancestry, was taken into custody. Fukunaga made a complete confession of the kidnapping and murder. Fukunaga was placed on trial for first degree murder, was convicted on 4 October and on 8 October was sentenced by the presiding judge to be hanged.

2. During the course of the trial three doctors, Eckhardt, Chung and Faus, qualified before the court to give expert testimony as to the sanity of the defendant. These three doctors testified that they had examined the defendant and found him to be sane and also that they "unreservedly concurred in the opinion that he is mentally responsible." Attention is especially invited to the qualifications of Doctors Eckhardt and Chung as set forth in Judge Christy's decision, enclosure (C).

Subject: Comdr J.C. Thompson, report of certain activities.

3. On 13 October, 1928, Commander J.C. Thompson, (MC), U.S.N., made an affidavit, full text of which is given in enclosures (A), to the effect that from a study of the evidence he believed Fukunaga to be insane. This opinion admittedly formed from the fragmentary and often inacurate details culled from the local press.

4. It was reported, enclosure (B), by operatives of the District Intelligence Officer that the above action was initiated by Commander Thompson himself, but it is doubtful if this report could legally be substantiated.

5. The above action by Commander Thompson has greatly embarrassed the Governor of the Territory as well as the Commandant Fourteenth Naval District and has given the Navy a great deal of undesirable publicity, reflecting discredit upon the Medical Corps of the Navy and has furthermore stirred up considerable racial feeling in this community.

6. The Commandant is of the opinion that Commander Thompson, by thus publicly contradicting the testimony of three competent and duly qualified witnesses before a duly constituted court of the United States and by inference thereby criticised the action of that court, has, regardless of any of his possible personal convictions in the matter, been guilty of an indiscretion which can be considered nothing less than conduct unbecoming a commissioned officer of the Navy and conduct to the prejudice of good order and discipline.

7. Due to the extremely delicate situation existing here, in consequence of racial problems, which has been greatly agitated and inflamed by the late murder, the Commandant deems it unwise to take any action in this matter until the case has been taken to the Supreme Court and definitely concluded. Any disciplinary or repressive action at this time would supply the Japanese Press and certain other agitators of American ancestry with material for continuing the controversy and making charges of intimidating an important witness.

8. In the absence of any prior instructions that the Department may see fit to issue, the Commandant, upon the final disposal of the Fukunaga case, intends to order a Court of Inquiry to inquire into Commander Thompson's actions in this matter.

Governor Wallace R. Farrington,
Territory of Hawaii,
Honolulu, T. H.

My dear Governor Farrington:

When I saw the article in the Honolulu Advertiser of 16 October, 1928, quoting a petition which was said to have been submitted to you by the Counsel for Miles Fukunaga, I considered it advisable to investigate at once the special qualification as a psychiatrist that this petition claims for Commander J.C. Thompson, (MC), U.S.N. It is noted in Commander J. C. Thompson's sworn statement that he does not claim to be a specialist in psychiatry, or that "his opinion is authority by the Federal Government."

The District Medical Officer, Captain D.N. Carpenter, (MC), U.S.N., in response to my inquiry, states as follows: "Doctor Thompson is not considered, in so far as I know, by the Medical Department of the Navy as a qualified psychiatrist. His opinion is not sought when mental cases are under treatment at this hospital, nor is it believed that his opinion would be recognized as 'expert opinion' before a Naval Court. In view of my recent association with the Bureau of Medicine and Surgery, I am quite sure that his opinion is not considered asauthority by the Surgeon General. As to his work in psycho-analysis, attention is invited to the fact that this method of psycho-analysis in the practice of psychiatry has not been universally accepted by the trained and recognized psychiatrist, and in fact has been condemned as being actually harmful (Reference - "A Critical Examination of Psycho-analysis, by W. Wohlgemuth, D.Sc., London. The Macmillan Company, New York, 1924")".

Captain Carpenter's opinions are shared by all the members of the staff of the Naval Hospital.

In this regard it should be noted that Commander Thompson has been repeatedly passed over by the Selection Board as not being qualified for promotion to a higher grade. It would, therefore, appear that the weight to be given to his opinion should be that of an average practitioner and not that of a qualified psychiatrist.

It is very unfortunate that Commander Thompson's official position gives to the public more weight and authority than it should have and I regret exceedingly that this officer, under my command, has seen fit to express himself publicly in this case. There is a regulation that prevents any such unofficial certificate of ill health, but the Attorney General has ruled that it only applies to service personnel and compensation employees.

Yours very truly,

GEO. R. MARVELL,
Rear Admiral, U.S. Navy,

HONOLULU

WALLACE R. FARRINGTON
GOVERNOR

October 18, 1928.

Rear Admiral George R. Marvell, U.S.N.,
Commandant, 14th Naval District,
Pearl Harbor, Ohau.

My dear Admiral Marvell:

I have received a rather numerously signed petition, requesting the exercise of executive clemency in the case of the confessed murderer, Myles Yutaka Fukunaga, who is now confined in Oahu Prison under sentence of death. This petition is supported by what purports to be the opinion of a Doctor Thompson of the United States Navy, who is stationed at Pearl Harbor. This Dr. Thompson, from a reading of the confession of Fukunaga as published in the papers, has reached the conclusion that Fukunaga may be insane. Dr. Thompson is quoted by the Hawaii Hochi as saying, "I have thoroughly studied the confession of Yutaka Fukunaga from scientific basis, and have reached the conclusion that he is insane."

I will appreciate any information you can give me concerning the background of Dr. Thompson and what weight I should give to any opinion that may come from him, either directly or indirectly.

Judging from a casual reading, it would appear to me that Dr. Thompson has allied himself with an element that is obviously engaged in stirring up a racial discussion of the Fukunaga case, a condition that should be avoided if possible. On the other hand, if Dr. Thompson has any scientific standing and anything of real value to add to the Fukunaga case, it is naturally a part of my responsibility to give proper weight to any views that he may express.

I enclose for your information, in case the purported facts may not have come to your attention, memornada and translations that have been presented to me in connection with the activities of Dr. Thompson and the group of aliens with which he has associated himself.

Yours very truly,

W.R. Farrington,
Governor of Hawaii.

TERRITORY OF HAWAII

1st. ENDORSEMENT.

19 October, 1928.

From: Commander Joseph C. Thompson, Medical Corps, U.S. Navy.
To : Commandant, Fourteenth Naval District.

Subject: Territory of Hawaii vs Fukunaga, case of, alleged activity in connection herewith.

Additional inclosures: (A) Copy of letter from Mr. Robert K. Murakami, Esquire, dated October 13, 1928.
(B) Copy of letter from the Secretary of the Navy to Mr. J.B. Condliffe, dated June 4, 1928.

1. Returned.

2. In accordance with the instructions contained in basic letter, the following statement is herewith respectfully submitted:

(a) Having long been interested and specially trained in the subject of psychiatry, I took particular interest in that aspect of the case of Myles Fukunaga. Accordingly I made a special study of the circumstances, the evidence, the actions of the accused man, and all other available data pertaining to Fukunaga's sanity. This I did without solicitation on the part of any person, and as a private matter of interest to myself.

(b) Prior to the apprehension of Fukunaga, I studied the circumstances surrounding the crime and concluded that it had not been committed by an Oriental. My conclusion in this regard was in error.

(c) Subsequent to Fukunaga's apprehension and in private conversation with one Mr. J. Merle Davis, head of the Honolulu Branch of the Institute of Pacific Relations, and one Mr. J.B. Condliffe, Research Secretary of the same Institute, I related my error mentioned above and expressed the opinion that one who would commit such a crime must be insane.

(d) On October 8, 1928, a Buddhist Priest, Mr. Hunt by name, called upon me to inquire as to my opinion regarding the mental condition of Fukunaga. I expressed

Subject: Territory of Hawaii vs Fukunaga, case of, alleged activity in connection therewith.

to him my opinion that Fukunaga was insane. He then requested me to permit Mr. George W. Wright, English Editor of the Hawaii Hochi, to talk to me in that regard. I acceded to his request.

(e) After I had talked to Mr. Wright, I accompanied him to the Attorney General's office and there gave my views to the Attorney General.

(f) On October 12, 1928, I was approached by Mr. Beebe, one of the attorneys for the defense, who said that he understood that I had prepared an affidavit regarding Fukunaga's mental condition and that I would give it to him. I informed him that I had no such affidavit. On the same day Mr. Beebe withdrew from the case.

(g) During the evening of October 12, 1928, one Fr. Frederick Makino, manager of the Hawaii Hochi, one Mr. Robert K. Murakami, Esquire, the new attorney for the defense, and Mr. Wright of the Hochi, called on me and asked me to prepare an affidavit stating my opinion as to the mental condition of Fukunaga. They said they wanted my affidavit in support of a motion for a new trial.

(h) On October 13, 1928, I received a written request for my affidavit from Mr. Murakami (enclosure "A"). I gave it to him stating my qualifications to render an expert opinion on the subject matter and my opinion as to the mental condition of Myles Fukunaga. I neither received nor expected to receive any remuneration for my services.

(i) With the submission of the foregoing affidavit to Fukunaga's attorney, my activities in the case ended.

3. In conclusion, it is respectfully submitted that I intended no wrong by my actions. My intese interest in psychiatry and psycho-analysis is evident in my military record and is well known in this community. As evidenced by inclosure

Hawaii Hochi, October 11, 1928, Thursday.

ATTORNEY GENERAL DENY REQUEST FOR MENTAL PROBE

Second Movement Begun. Will Petition Governor For The Stay Of Execution.

With Dr Thompson Met Attorney General Hewitt Yesterday Morning.

Dr. Thompson Asserts Fukunaga Insane On The Basis Of His Scientific Study

DOCTOR THOMPSON is a senior medical officer at Pearl Harbor, and is an authority on psychiatry. His qualifications are recognized by the United States government as an expert in all military courts. THIS PAPER discovered this recognized authority. Hence we sought a conference with Attorney General Hewitt on Tuesday. We were asked by the Attorney General to bring Dr. Thompson. Hence yesterday accompanied by Dr. Thompson and Mr. Wright, Makino, president of this paper met Mr. Hewitt at the Capitol. He made a request for a thorough scientific probe of Fukunaga's mental condition.

ATTORNEY GENERAL REJECTS REQUEST FOR MENTAL PROBE.

Dr. Thompson Gives His Views. Dr. Thompson presented to the Attorney General his views at considerable length. But Mr. Hewitt refused to grant permission to Dr. Thompson to carry on his scientific probe. He did not state the reasons of his refusal.

After the conference, Dr. Thompson spoke to Makino and Wright:

"I have thoroughly studied the confession of Yutaka Fukunaga from scientific basis, and have reached a conclusion that he is insane.

"But before I can make my conclusion a clear-cut, definite one, I must study Fukunaga's words and actions. For this reason I am asking for a scientific probe of his mental condition. I feel certain that the probe will show that he is insane."

ON THE BASIS OF DR. THOMPSON'S SCIENTIFIC STUDY WILL PRESENT FORMAL PETITION TO GOVERNOR FARRINGTON. Petition Ready.

Denied by Attorney General to carry on mental probe, THIS PAPER is forced to commence a second movement. With Dr. Thompson's

scientific studies as basis, we have decided to present a formal petition to Governor Farrington, and yesterday we have completed the preperation of it. We can not disclose the content or nature of this petition until it has reached the governor's hands, for its premature publicity would be an act of discourtesy, and we want our countrymen to understand this. We want the signature of as many individual and organization as we can possibly secure. We firmly believe that the Governor will accede to our petition. But in the event of his refusal, we may have to BEGIN OUR THIRD MOVEMENT.

ATTORNEY HUBER DISLIKES MENTAL PROBE. Cann't Understand The Reason.

During the conference of Makino, Wright and Dr. Thompson with the Attorney General, Mr. Hewitt telephoned to Mr. Huber, one of the defendant's attorneys appointed by the court, in reference to Dr. Thompson's mental probe, Attorney Huber opposed the idea of allowing Dr. Thompson to meet Fukunaga. Huber did not state his reason. Makino and Wright were dumbstruck, for they thought that Fukunaga's attorney would consent to such a probe.

WILL PUSH THIS MOVEMENT TO THE LAST DITCH, EVEN IF WE MEET MANY DIFFICULTIES.

As this movement progresses, we may have to h're an attorney. THIS PAPER is bound to face all sort of difficulties, but we are prepared to push this movement for Fukunaga's mental probe to the last ditch. This movement is not for the sake of Fukunaga. It is a great question which vitally concerns the future of Japanese race and the honor of Hawaii. If Fukunaga is found insane, as Dr. Thompson's findings show, it would be a miscarriage of justice and a serious reflection on the good name of Hawaii, if insane person is executed.

THE LAW PROVIDES PROBE BY TWO PHYSICIANS WITHIN TEN DAYS. Regrets This Has Not Been Done.

The Hawaiian statute provides a thorough probe by two physicians within ten days of mental condition of person found guilty of first degree murder. Although it is within the power of the presiding judge to allow or deny such a probe, we want the provision of the law put into operation when there are sufficient grounds for such a scientific probe. We regret that this has not been done.

We strongly hope that a mental probe would be conducted, for it will be a good precedent.

We earnestly hope that the community will back this contention for the right, and will be willing and ready to bear any sacrifice.

Hawaii Hochi, October 12, 1928, Friday.

FOR THE PROTECTION OF LEGAL RIGHT WILL FILE MOTION FOR NEW TRIAL

Attorney Beebe Says Will Do His Level Best For Fukunaga Case.

To Meet Dr. Thompson And Prepare Necessary Papers.

New Evidence Unearthed.

The petition requesting the governor for a thorough scientific probe of Fukunaga's mental condition is being circulated among the prominent Americans and Japanese of this city. At the same time legal steps necessary for a new trial are being taken.

After the conference of Mukino and Attorney Beebe, it was agreed upon to have a motion for new trial filed in the court tomorrow morning. It is not definite at this time whether or not such a motion will be granted. But this legal step is being taken to safeguard the legal rights of Fukunaga, and give strength to the movement of THIS PAPER.

Commander Thompson called at the office of this paper yesterday and again stated frankly that Fukunaga is insane. When told the importance of his affidavit for a motion for new trial, Dr. Thompson promised to prepare his affidavit. Yesterday evening he completed his affidavits. Attorney Huber for some reason or other opposed the mental probe of Fukunaga. Other attorneys also hesitated to handle the case. But Attorney Beebe offered his services and promised to do his best. He visited Dr. Thompson at Pearl Harbor, received the latter's affidavit, took down the latter's findings and immediately returned and began working on his motion for a new trial.

Yesterday a new evidence was discovered. It became known that the aunt of Fukunaga's mother suffered from mental derangement, was confined in an asylum in Japan, and died hopelessly insane. Fukunaga had a sister who died on March 14, 1920. When Fukunaga was born, his mother was suffering from general run-down, particularly from mind trouble. This is an evidence that Fukunaga is mentally and physically weak. New developments of this case are steadily croping up.

The motion for a new trial will be filed in the court tomorrow morning by Attorney Beebe. The petition will be presented to the governor within next few days. It is hoped to secure necessary signatures by this evening.

If FIRST and SECOND MOVEMENTS of This Paper fail, we will start THIRD and FOURTH MOVEMENTS. So long as the

legal right is safeguarded, we are free to push on this movement. This is not for the sake of FUKUNAGA. It is for the benefit of all people of this territory.

(NOTE:

Up to noon yesterday, the petition was signed by:

E. IMAMURA, head of Hongwenji Buddhist Mission,

B. K. Yamamoto, President, Japanese Society of Hawaii,

C. Sakayeki, Vice-President, Japanese Society of Hawaii,

M. Komeya, President, Hotelkeepers' Assn.

T. Onodera, Secretary, C. of C.

The petition is being circulated by members of Hawaii Hochi editorial staff. They are trying to get the signature of the head of different organizations.

Hawaii Hochi, October 13, 1928, Saturday.

ATTORNEY BEEBE WITHDRAWS YESTERDAY AFTERNOON

Seiichi Murakami Consents To Act As Chief Counsel In Fukunaga Case.

Mrs. Thompson, wife Of Commander Thompson, Calls On This Paper.

With Mrs. Thompson, Murakami, Makino, and Wright Meet Commander Thompson, at Pearl Harbor.

MOTION FOR A NEW TRIAL TO BE FILED IN COURT MONDAY MORNING.

Attorney Beebe visited Pearl Harbor yesterday morning to receive from Commander Thompson an affidavit in connection with the motion for a new trial of Fukunaga case. On his return from the naval station, Mr. Beebe requested on the phone an interview with Makino at his office. Makino was not in his office. An hour later Makino returned. Accompanied by Wright, Makino went to meet Mr. Beebe. Mr. Beebe was not in his office. Hearing that he has gone to the court, Makino and Wright hurried to the court and met Mr. Beebe there. Mr. Beebe said that his duty to the client ended with the passing of the sentence by the court, and that he wanted to be excused. He agreed, however, that he would cooperate in the drawing up of the necessary papers, in the motion for a new trial.

Mr. Beebe wanted to do the best he can for Fukunaga case, but he could not handle the case because the senior member of his firm, Frank Thompson, is away on the coast, and he is so occupied with his legal business. When asked, Mr. Beebe suggested that some other attorney be retained.

With Mr. Beebe out of the case, Makino and Wright were forced to look around for some other lawyers.

WANTED LEGAL FEES OF $5,000 to $10,000. CAN NOT GET SATISFACTORY AGREEMENT.

Several lawyers were approached, but they all wanted fees of $5,000 to $10,000, declaring that this is a big case. A satisfactory agreement could not be made.

A good lawyer could not hired, because of the lack of fund. But THIS PAPER felt certain that Mr. Seiichi Murakami, an attorney and American citizen of Japanese ancestry, would not refused. Mr.

Murakami was asked to come to the office of this paper. On his arrival, the matters were clearly laid before him. He was requested to handle the case. He consented immediately.

FROM NOW ON, MR. SEIICHI MURAKAMI IS RETAINED AS CHIEF COUNSEL, AND WILL ENTER THE CASE.

Just then, when the matter of legal counsel was definitely decided, Mrs. Thompson came from Pearl Harbor on her auto. She came to make report on what took place in the interview of Mr. Beebe and Commander Thompson. Being a woman, Mrs. Thompson is determined that for the sake of science the case must be pushed on, and justice secured. After a short conversation, Murakami Makino and Wright went with Mrs. Thompson to Pearl Harbor. Murakami met Commander Thompson, and finally commenced working on the papers in the motion for a new trial as chief counsel. Mrs. Thompson brought back to the city three gentlemen on her own auto. We are impressed by her earnestness.

WILL FILE NECESSARY PAPERS IN THE MOTION FOR NEW TRIAL ON MONDAY. PETITION TO THE GOVERNOR WILL ALSO BE PRESENTED ON MONDAY.

WHAT OF THE OUTLOOK?

The papers which were to have been filed in the court this morning will not be filed until Monday. Whether or not the court will allow the new trial is not known. When the motion is over-ruled, we can take the case on appeal to the territorial Supreme Court, Circuit Court of Appeals, and United States Supreme Court at Washington, D.C. The appeal is not on the ground whether or not the trial is fair, but to determine whether the reasons for new trial are fair and just. It has nothing to do with Fukunaga case.

If the case is taken on appeal to the Supreme Court at Washington, D.C., and if that high tribunal finds the reasons for new trial fair and just, the case of Yutaka Fukunaga will be re-opened in the court.

IF GOVERNOR ACCEPTS AND GRANTS PETITION, MOTION FOR NEW TRIAL WITHDRAWN, AND MENTAL PROBE WILL BE COMMENCED.

If the governor of this territory rejects the petition, we will keep up this movement and will push the case, until the Supreme Court at Washington decides one way or the other.

The motion for a new trial is being filed in the court to safeguard the rights guaranteed by the laws. If this motion is overruled, we will immediately begin our preparations to take the case on appeal to the U.S. Supreme Court.

We have already hired a stenographer yesterday, and are making necessary preparations.

(NOTE: Letters are pouring into Hawaii Hochi with contributions, commending the "MOVEMENT" of Hawaii Hochi:

"At first we hesitated to gather contributions for your movement. But after careful study, we are convinced that your movement is for the sake of all people, and is a movement worthy of our support. We have made a canvass of this camp, and have raised this donation toward your campaign fund.

"We hope that you will accept this donation, and that you will endeavor to the last ditch.

"We can not keep silent and see the NEWSPAPER, which has fought so valiantly for the Japanese Language School in the years gone by, endeavoring for the good name and confidence of our community. We felt that we are obligated to do a share".

Hawaii Hochi, October 14, 1928, Sunday.

LOOK AT THIS PETTY TRICK.

Judge Steadman's Statement Issued At The Request Of Nippu Jiji

Look At This Insidious, Cowardly Trick! Instead Of Asking The Judge, Why Didn't It Ask The President. It Would Have More Effect.

In yesterday's Nippu Jiji, the alleged statement of Judge A.E. Steadman appears ander the headline: "Judge Steadman Issues Statement Just Before His Departure For America On Vacation". Nippu Jiji says:

> "Hon. A.E. Steadman, judge of the First Circuit Court, who was the presiding judge in the trial of Yutaka Fukunaga in the Gil Jamieson Kidnap case, sent a following statement just before he left for America yesterday on a vacation of two months. ....."

The members of this paper felt very strange, for if a judge were to issue such a statement after each trial, he would have to issue hundreds and thousands of statements and would have no time to rest. But why this pain-sticking statement? Someone must have pocked the fire.

STAR BULLETIN MAKES EXPOSURE.

The PETTY TRICK which Nippu Jiji tried to cover up with a report that Judge Steadman issued a statement voluntarily was exposed by Star Bulletin. Star Bulletin says:

> "The Fukunaga case can be no stigma on the Japanese race any more than the Hickman and Loeb-Leopold cases can be a stigma on the Anglo-Saxon and Hebrew races", declared Judge Steadman in a statement issued Friday AT THE REQUEST OF A LOCAL JAPANESE NEWSPAPER.

A LOCAL JAPANESE NEWSPAPER means Hawaii Hochi or Nippu Jiji. But this paper, Hawaii Hochi, has never asked Judge Steadman for a statement. Read the statement! The readers can easily discover the orign of the statement.

JUDGE STEADMAN TAKES PAIN TO EXPLAIN WHY SHINJI MARUYAMA BECAME JUROR.

Judge Steadman says: "In the Fukunaga case there was on the jury a young man of Japanese ancestry, Shinji Maruyama, who happened to be in the employ of the Nippu Jiji, but manifestly he was not and could not have been placed on the jury as a

A-14

representative of that newspaper. He was summoned to court under the procedure outlined above as an individual and qualified citizen of the United States and thus liable to this service. He sat together with the other jurors to determine the case according to the law and the evidence. All the jurors including Maruyama were convinced beyond all reasonable doubt of defendant's guilt as charged and for him or any other juror to have stood out for any other verdict would have been a violation of a sworn duty and of one of the highest obligations of citizenship. A jury system falls completely when any juror is influenced by any consideration other than the law and the evidence as presented to him in each individual case. Any open statement or insidious suggestion criticising or questioning his integrity as a juror or that of his employer by reason of his jury service for whatever purpose or motive is therefore unscrupulous, unfair, cowardly, and wholly inexcusable".

WE NEED NO EXPLANATION ABOUT JUROR FROM JUDGE STEADMAN. WE KNOW EVERYTHING.

Being asked by Nippu Jiji, Judge Steadman would naturally defend Mariyama and his employer. But what we can not understand is this fact. WHY MUST SHINJI MARUYAMA, "an individual and qualified citizen of the United States" as Judge Steadman says,

ASK MR. YASUTARO SOGA, 'IS IT ALRIGHT TO SERVE ON THE JURY?' AND BE TOLD BY SOGA 'GO HEAD AND DO YOUR DUTY".

This story must be authentic, because it was related by Mr. S. Furukawa, acting business manager of Nippu Jiji. We have no reason for attack against Maruyama just because he served on the jury. We are not attacking the jury because it returned a verdict of guilty. We are not also attacking Soga, his employer. But what we feel strange is why Judge Steadman sees the necessaity of explaining the status of Shinji Maruyama, one of the 12 jurors; why Nippu Jiji asks Judge Steadman issue a statement; and why the Judge's neceesity of defending one and only one juror when 12 men sat on the jury.

Nippu Jiji must have asked Judge Steadman to issue a statement in defense of Maruyama,-a statement which Nippu Jiji said was issued voluntarily by the judge. Star Bulletin exposed the petty trick. We regret this has happened.

Instead of asking the judge to issue a little statement, why didn't the Nippu Jiji request the PRESIDENT OF THE UNITED STATES to iss a long statement. We believe this would have

a more lasting effect.

The customary petty trick of NIPPU JIJI can not longer fool the Japanese of Hawaii.

Hawaii Hochi, October 15, 1928, Monday.

A MOTION FOR NEW TRIAL OF FUKUNAGA CASE FINALLY FILED TODAY

In Judge Cristy's Court

With This Legal Procedure Being Taken, Governor Can Not Sign Fukunaga Execution Paper Until After The Motion for New Trial Is Disposed Of.

AFFIDAVIT OF COMMANDER THOMPSON IS ATTACHED.

On Friday afternoon Attorney Seiichi Murakami, Mr. Makino, president of this paper, and Mr. Wright, an English editor, met Commander Thompson, senior medical officer at Pearl Harbor naval station, and after a free exchange of views asked the commander to prepare an affidavit relating to the mental condition of Yutaka Fukunaga, on the basis of his scientific studies.

Now that the affidavit and the necessary papers in the motion for new trial are ready, Attorney Seiichi Murakami will file the papers in the court today (October 15, 1928). At the time when this article was written, it was not definitely known whether the papers will be filed in the morning or afternoon. However, it is certain that the papers will be in the hands of the court sometime today.

ATTACHES COMMANDER THOMPSON'S AFFIDAVIT. Will Be Filed In Judge Cristy's Court.

When Attorney Murakami files the papers in the court, the affidavit of Commander Thompson will be attached to them. Since Judge Steadman who was a presiding judge in the trial of Fukunaga is away on the coast on vacation, the motion is being made in Judge Cristy's court. The attorney's papers and Commander's affidavit will be published later when an opportune time arrives.

GOVERNOR CAN NOT SIGN EXECUTION PAPER, until after the motion is disposed of.
If Sustained, It Means Mental Probe; If Overruled, An Immediate Appeal To Higher Courts.

Having taken such a step in the legal procedure, the governor can not sign the paper ordering the execution of Fukunaga until after the motion is first disposed of. If our motion is sustained and if we win in the court, the

A-5

new trial of Fukunaga will begin. If we lose, Attorney Murakami will immediately take the case on appeal to the Territorial Supreme Court. The legal steps which we have taken will enable us to carry the case even as far as the Supreme Court of the United States at Washington, D.C.

PETITION ALSO TO BE PRESENTED TO GOVERNOR TODAY. The governor's action will have important bearing on the motion for new trial.

The PETITION, signed by many individuals and requesting the governor of the territory to delay the execution and allow a thorough mental probe of Fukunaga, will also be presented sometime today. The action of governor will determine whether or not the motion for new trial is to be made.

All these steps in the legal procedure are being taken to protect the constitutional rights of Fukunaga.

When proper time comes, we shall also publish the petition to Governor.

HAWAII HOCHI, October 16, 1928 Tuesday.

BEFORE MOTION IS FILED, GOVERNOR SIGNS DEATH WARRANT

Governor Orders Execution To Take Place On October 23.

The Motion For New Trial Being Filed Already, The Execution Can Not Take Place Until After Question Of New Trial Disposed Of.

Attorney Seiichi Murakami, who was retained as chief counsel in Fukunaga case filed his papers in the court on October 13.

But before Attorney Murakami filed his motion for new trial in Judge Cristy's court, Governor Farrington signed a death warrant, ordering the

EXECUTION OF FUKUNAGA TO TAKE PLACE ON OCTOBER 23 between the hours of 8 a.m. and 5 p.m.

The governor affixed his signature to the death warrant about 12:30 noon, October 15, when Attorney General Hewitt presented the death warrant to the governor. According to the death warrant, Fukunaga must be hung sometime between 8 a.m. and 5 p.m. at Oahu prison on October 23. But Fukunaga has now filed his motion for new trial through Attorney Murakami, and even though the governor has signed the death warrant, the execution can not take place until after the question of new trial is definitely settled.

ATTORNEY BEEBE ALSO FILES AFFIDAVIT.
Says He Came Across An Expert In Dr. Thompson After The Trial.

Attorney Murakami made a request to Attorney Huber, one of the defendant's lawyers appointed by the court, to file his formal request for withdrawal. No definite reply could be obtained. Attorney Murakami then approached Mr. Beebe Mr. Beebe readily consented and filed his affidavits to the court. A little later, Mr. Huber also filed his affidavit. Mr. Beebe stated in his affidavit that he has come to know of an expert, Dr. Thompson at Pearl Harbor, after the conclusion of the trial. and that he was not successful in finding an expert before the

A-6

trial. This is an affidavit most advantageous to the defendant.

Attorney Murakami's motion for new trial was filed in the circuit court yesterday afternoon about 3:10 p.m. It was supported by Mr. Beebe's and Commander Thompson's affidavits. Mr. Murakami stated in his affidavits the reasons why he became Fukunaga's attorney.

Hawaii Hochi, October 17, 1928, Wednesday.

RUMOR THAT HONOLULU MEDICAL SOCIETY SORE AT MOTION FOR NEW TRIAL AND MAY FILE PROTEST AGAINST COMMANDER THOMPSON

To Verify This Rumor A Representative Of This Paper Meets Yesterday Dr. Arnold, president of Honolulu Medical Society and Dr. Larsen, Medical director of Queen's Hospital

RUMOR DENIED BY TWO DOCTORS.

Following the steps taken by Attorney Murakami, when he filed his motion for a new trial in Judge Cristy's court, THE HONOLULU ADVERTISER reported that the execution of Fukunaga may be held up. And due to the fact that The Advertiser has reported the case in minute detail, a good many people of American community are now supporting the motion for a new trial. Some are indignant against the unnecessary meddling by the Vigilantes. Vigilantes have already gone too far as to hold a secret gathering on Pier 2, and they are no longer able to interfere openly any more with Fukunaga case. These men, in fact a group of these men, are very active under cover, and are resorting to all sorts of petty trick. They have threatened even the innocent people. A large portion of American people are therefore furiously angry against their continued activities.

A certain group of these men spread yesterday MORNING A MOST VICIOUS RUMOR THAT COMMANDER THOMPSON'S AFFIDAVIT IS AN INSULT TO HONOLULU MEDICAL SOCIETY. They said that the medical society will oppose the Commander's affidavit, and will file a protest in the court. This rumor seemed to have spread pretty widely on the streets, for we received many inquiries on the phone. The rumor had taken the people quite unaware. It seemed as if it had some foundation of truth. It said: TO NULLIFY THE AFFIDAVIT OF COMMANDER THOMPSON, the MEMBERS OF HONOLULU MEDICAL SOCIETY WILL FILE A FORMAL PROTEST IN THE COURT, AND THE NOW IN CONSULTATION WITH A LAWYER.

A representative of this paper happened to meet Attorneys PIERRE AND POINDEXTER. In answer to the question whether they had heard such rumor, Mr. Poindexter said that he had heard it, but that he had not been able to verify it. Our man immediately called on Dr. Arnold, president of the medical society. Dr. Arnold replied:

"Our society has no intention of interefying, nor to censor for it and has no right to do so. The rumor must have been originated by some one who wants to take advantage of it. I recall the case of a Japanese who killed his wife at Wahiawa and whose sanity had been questioned. The court ordered a committee of three doctors, Arnold, Chung

and Kokenda to examine him carefully. For three or four hours daily for several weeks we had that man under observation, and found that the man was insane. We so reported to the court, and he was not tried for murder but was committed to the insane asylum. I believe that the same procedure could have been followed in the Fukunaga case."

Dr. Arnold denied the rumor that the members of Honolulu Medical Society are antagonistic toward Dr. Thompson.

Our man, then, interviewed Dr. Larsen, medical director of Queen's Hospital. Dr. Larsen also insisted that the local doctors are not antagonistic toward Dr. Thompson's affidavit, and that the local medical society has not adopted any protest.

The denial of these two doctors revealed that the rumor was spread by a group of Vigilantes, who were out to stir up the community.

ATTORNEY MURAKAMI SERVES NOTICE OF INTENTION TO SUE OUT A WRIT OF ERROR

This Morning At 9:00 A.M.

Motion For New Trial To Be Argued Tomorrow Morning, If Denied, A Writ Of Error To Be Sued Out. This Step Is An Appeal To Higher Courts And To Protect The Rights Of The Defendant.

Tomorrow morning at 9 o'clock in Judge Ossipy's court the motion for new trial will be argued. This morning Attorney Murakami filed a formal notice of his intention to sue out a writ of error. This is a step in the legal procedure which enables the defendant to take his case on appeal to higher courts,if the motion is denied. It acts automatically as a stay of execution and blocks any further action until the matter is finally settled in the courts and every legal measure exhausted.

Following is the text of the notice served in the court this morning:-

WRIT OF ERROR

Comes now Yutaka Fukunaga,defendant above named,by his attorney of record,T.K.Murakami, and states that heretofore,to-wit,the 10th day of October,1928,a Motion for a New Trial was filed in the above entitled cause,and hereby gives Notice Of Intention To Sue Out A Writ of Error In The event that said Motion for a New Trial is denied.

Dated at Honolulu,T.H.,this 10th day of October,A.D. 1928.

Yutaka Fukunaga,also known as Kyles Yutaka Fukunaga,also known as Kyles Fukunaga,

Defendant above named,

EDITORIAL COMMENTS

It makes Pres. Wm. Hagthwing (Hon. Star Bulletin) editorial ridiculous the re-opening of Fukunaga case.

In it was expected, the Star Bulletin published yesterday the translation of articles which appeared in Hawaii Hochi.

There is nothing different in what we have argued in English and Japanese.

What is wholesale to use a ladle, we still remember vividly when Pres. Hagthwing to fight, as well knows the Star Bulletin editor who does not read Japanese with a exception.

We do sincerely in a way to hurt the Japanese community. We do good privacy far with the Attempt of flattery.

If re-trial of Fukunaga case is to be opposed, come out in the open and fight.

If the opposition is based on good reasons, we are ready to submit any time.

Without fighting in a dignified manner and attempting to block the move for a retrial of Fukunaga case by dragging the Star Bulletin with all sort of flatteries is a most insidious and cowardly action. The spirit is so rotten and is worthy of being spit at.

My dear Mr. Condliffe:

I find that Dr. Gregory, Director of Bishop Museum, has taken up with the Department the question of detailing Commander Joseph C. Thompson, Medical Corps, U.S. Navy, to duty with the Bishop Museum for the purpose of continuing his work on certain psychological aspects of anthropology. I regret that it is impracticable to assign Commander Thompson to this duty while he is still on the active list, for the reason that it is probable that the Comptroller General would rule that he could not receive his regular pay while employed on such duty.

I understand that Dr. Gregory was informed by the Surgeon General of the U.S. Navy that the only practical way for Commander Thompson to be able to devote his whole time to this work would be for him to voluntarily retire from the Navy and then have the Bishop Museum make up to him the difference between his active and retired pay. There is no doubt that Commander Thompson is well fitted to undertake this work and I regret that it is impracticable to detail him to this duty while he is still on the active list.

Sincerely yours,

Mr. J.B. Condliffe,
Research Secretary,
Institute of Pacific Relations,
129 East 52nd Street,
New York, N.Y.

New York, N. Y. May 25, 1928.

Dear Dr. Wilbur:-

In pursuance of our conversation last evening, I should like to ask your help for Surgeon, Commander Joseph C. Thompson, at present attached to the Navy Yard, Pearl Harbour, Hawaii.

I attach a list of Dr. Thompson's contributions to journals, etc. You will see that he has changed his major interest in recent years from natural science to psychology. He gave me the following scientific men by whose opinion he was content to be judged as a scientific worker:

Dr. C. L. Alsberg, Stanford University.
Dr. A.L.C. Kroeber, Anthropologist, University of California.
Dr. A. A. Brill, Psycho-Analyst, 15 West 70th St.New York.
Dr. W. A. White, St. Elizabeth's Hospital,Washington,D.C.

I understand that Commander Thompson is about two years from the age at which he will retire on pension. He is financially not able to retire now; but is very anxious to be able to give full time to his studies in certain psychological aspects of anthropology. There is no need for me to stress to you the almost virgin field and great possibilities offered by the convergence of psycho-analytic and anthropological technique. The thinking processes of primitive people in the Pacific are Dr. Thompson's special field of duty.

The work which he might do is of great significance and importance, both to the Institute of Pacific Relations and to the Bishop Museum. Dr. Gregory, Director of the Bishop Museum, is I understand working with the object of having him detailed for duty with the Museum. It is not of great consequence whether he is detailed to the Museum or to the Institute, but if you can assist in having him set free in this way, you will I am sure do a service to both science and to our knowledge of race relationships.

There is a precedent for this action in that naval officers have on several occasions been detailed on full pay for service with a scientific institution. A recent case is where a naval doctor was detailed to the Roy Chapman Andrews Mongolian expedition. This seems strictly a parallel case.

Dr. Thompson asks to be judged in this matter on his scientific reputation and on a long career of service in the Navy.

Yours sincerely,

J. B. Condliffe

The Honorable
The Secretary of the Navy,
Washington, D. C.

(Through the Honorable the Secretary of the Interior)

Dear Sir:

Dr. Herbert E. Gregory, Chairman of the Committee on Pacific Investigations of the National Research Council and Director of the Bishop Museum at Honolulu, has called to my attention a request that has been made by the National Research Council to secure the services of Dr. J.M. Thompson, a medical officer, now stationed at the Pearl Harbor Naval Station.

Dr. Gregory informs me that Dr. Thompson is a keen student of primitive psychology and of Polynesian languages. He has had considerable experience in the Orient and at Guam. Dr. Thompson is especially well fitted to carry on the type of research that the members of the National Research Council have in mind.

I am informed that in order to secure Dr. Thompson's services, it would be necessary for him to be given either a leave of absence or some special status under the Navy Department.

I am writing you to vouch for the value of the work that is being done under the direction of Dr. Gregory. I am sure that the service that could be rendered by Dr. Thompson will be of more than passing importance and the request made by Dr. Gregory is deserving of every consideration that is possible within the proprieties of departmental relations.

Yours respectfully,

W.R.Farrington
Governor of Hawaii.

INSTRUCTIONS.

This form must be sworn to before an officer of the United States Navy or Marine Corps, authorized to administer oaths, or before a notary public.

The full names and addresses of the beneficiaries should be carefully stated. If a married woman, her own Christian name should be given, not that of her husband; thus: "Mrs. Anna May Smith," not "Mrs. John Smith."

New beneficiary slips should be filled out and forwarded to the Bureau of Navigation or the Commandant of the Marine Corps in all cases in which such action becomes necessary, by reason of a change in the status of the officer or enlisted man, or of his beneficiaries, due, for example, to marriage, death, birth of children, or the fact that a designated beneficiary should cease to be dependent. In any event payment will be made to the widow or children, if any, of the officer or enlisted man whether designated or not. c 4—2234

To the
Chief Clerk of Navy Department U.S.N.

Dear Sir!

Will you kindly inform me if Dr. Joseph C. Thompson, at one time a surgeon in the United States Navy, is still living, and still in the service; and if so, his present rank and address?

His father was our family physician for many years, and I have kept in touch with the family, until recently a letter addressed to Dr. Thompson's mother (Mrs. S.J. Thompson) at 253 Fair Oaks Ave, South Pasadena Calif. was returned to me as "not found." Dr. Thompson's father died only a few years after his son entered the Navy; but another and (younger) son (Percy) was then living in either the northern part of China or in Siberia.

Any information regarding any of the family will be gratefully received by

Yours respectfully
Mrs. Anna M. King

U. S. M.C., Recruiting Station,
August 11, 1924

From: Joseph C. Thompson, Commander (MC) U. S. N.

To: Bureau of Navigation, Navy Department, Washington, D. C.

Subject: Transportation for dependents.
Reference: (a) Article 1818, Navy Regulations, 1920.

Inclosures: (a) Orders of Bureau of Navigation M-S12-A 1939-168 dated 12 October 1923
detaching me from duty at (or) ~~X~~ Seattle, Wash. and ordering me to permanent
duty at (or) ~~X~~ Washington, D. C.
(See Navy Letter 29199-9:76 of July 21, 1921.)

(b) Certificate of Commanding Officer.

(c) Two certified copies of my orders.

Corrected Copy

1. It is requested that transportation be furnished for my dependents as follows:

(a) Wife Maud E. Thompson (Full name.)

(b) Children Maud Thompson, 14 years, female
(Name, age, and sex; as Mary Doe, 16 years, female.)

From Seattle, Wash. to Baltimore, Md. via

With stopover at
(Name place; as Chicago, 4 days.)

Pullman or stateroom accommodations 2 lower berths
(As "1 lower berth," "Stateroom," etc.)

2. I certify that the person named under paragraph 1(a) is my wife and that the children named under paragraph 1(b) are dependent upon me; that the ages as stated are correct; that (if over 21) dependency exists by reason of
